**The TSLeads Anywhere Scanner** is a battery operated unit that fits easily in your pocket and leads can be gathered anywhere at the show. Leads are delivered at the end of the show via email. After the badge is scanned, more information on the lead can be gathered by scanning items on the TS Leads Advanced lead qualifier sheet which is at no cost to the exhibitor. A custom follow-up sheet can be created which is specific to your business for a small fee (see page 3).

**TS Leads Mobile App** is a powerful lead retrieval technology for exhibitors to capture sales leads using an iPhone®, iPod touch® (Version 8.0 or higher), iPad®, or Android™ phone (Operating System 6.0 or higher). Exhibitors can use their own mobile device. App downloaded from the app store. Event set-up through a unique access code and leads gathered by scanning barcode or entering Attendee ID Number on the badge. TS Leads Mobile App makes lead retrieval easier to use...even fun. With features such as notes, surveys and follow-ups exhibitors can capture, qualify and manage trade show leads anywhere and anytime. Leads updated in real time and accessed via cloud portal.

Exhibitors may also use our hardware. The **TSL Tablet** is an iPad Mini (8" screen) with the TSLeads Mobile app and the **TSLeads Max** is an Android device (5" screen) with the TSLeads Mobile app.
